A warrant is a court order to apprehend an individual. The warrants on this website include only those warrants related to criminal matters venued in Brown County District Court. Names appearing on the list do not indicate that the person is guilty of the crime; only that there was a warrant on file for their arrest on the date the list was published. Please note that wanted individuals should not be arrested based on the information posted to this website. All warrants must be confirmed by the issuing agency prior to enforcement. While we intend to make every effort to keep the information on this page accurate and current, there are often delays between court action on a warrant and updates to the Sheriffs Office warrant database. This web database is updated each day, but the results shown are only as accurate as the last update and could be different from the court records and the Sheriffs Office warrant system. If you have questions on a warrant, please call 507-233-6700 before taking any action on the warrant. To report the location of a person who may be wanted on a warrant, please call 507-233-6700 during business hours or 507-233-6720 after hours.

If you have information regarding someone with a warrant, please contact the Brown County Sheriff's Office at (507)-233-6700 or contact your nearest local law enforcement agency. OR [Click here to send anonymous tips to the Brown County Sheriff's Office using this TipLine.](#)
