When the Environmental Health Director has reasonable cause to suspect the possibility of disease transmission from a Food and/or Beverage Establishment employee, the Regulatory Authority shall secure an illness or morbidity history of the suspected employee, and/or make other investigations as may be required, and take appropriate action. The Environmental Health Director may require any or all of the following measures:

- 10.4 Adequate medical and laboratory examinations of the employee, or other employees, and their

Section 11: Suspension of License

- 11.1 Licenses may be suspended temporarily by the Environmental Health Director at any time for failure by the holder to comply with the requirements of this Ordinance. Whenever a license holder or operator has failed to comply with any notice requiring corrective action issued under the provisions of this Ordinance, that license holder or operator shall be notified in writing that the license is immediately suspended upon service of the notice and that an opportunity for a hearing before the Appeals Board will be provided if the license holder or operator submits a written request for appeal, and that request for appeal is received by the Regulatory Authority within ten (10) business days from the receipt of the suspension notice.
- 11.2 Notwithstanding the other provisions of this Ordinance, whenever the Environmental Health Director finds unsanitary or other condition(s) in the operation of a Food and/or Beverage Establishment which, in the Director’s judgment, may constitute a substantial hazard to the health of the public, the Director may, without warning, notice, or hearing, issue a written notice to the license holder or operator citing such condition(s), specifying the corrective action to be taken, and specifying the time period within which such action shall be taken. If deemed necessary, such order shall state that the license is immediately suspended, and all food and/or beverage operations are to be immediately discontinued. Any person to whom such an order is issued shall comply immediately therewith, but upon written petition to the Environmental Health Director, shall be afforded an appeal before the Appeals Board as soon as the Appeals Board may be convened.
- 11.3 Any person whose license or permit has been suspended may at any time make application for a re-inspection for the purpose of reinstatement of the license. Within ten (10) business days following receipt of a written request, including a statement signed by the applicant that in the applicant’s opinion the condition(s) causing suspension of the license has/have been corrected, the Environmental Health Director shall make a re-inspection. If the applicant is in compliance with the requirements of this Ordinance and the Minnesota Food Code, the license shall be reinstated.

Section 12: Revocation of License

For serious or repeated violations of any of the requirements of this Ordinance and the Minnesota Food Code, which create an imminent health hazard, a license may be permanently revoked after an opportunity for a hearing before the Appeals Board has been provided. Prior to such action, the Environmental Health Director shall notify the license holder in writing, advising that the license shall be permanently revoked five (5) days from the date the written notice is received. Written notice shall be sent in the form of certified mail or by personal service to the petitioner(s)’s last known address.

Section 13: Appeals Procedure

Appeals shall be heard by the Appeals Board.

- 13.1 Request for Hearing. Any person affected by a notice of embargo, suspension, or revocation, upon filing of a written petition requesting a hearing on the matter and setting forth a brief statement on the grounds therefore with the Regulatory Authority, shall be granted such a hearing

before the Appeals Board. Said petition must be received by the Regulatory Authority within ten (10) business days after the notice was received.

- 13.2 Date of Hearing. The hearing shall be held not more than ten (10) business days after the date on which the petition was filed. The Chairperson of the Appeals Board may postpone the date of the hearing for a reasonable time beyond such ten (10) business day period, if in the Chairperson's judgment, a good and sufficient reason exists for such postponement.
- 13.3 Notice of Hearing. The Environmental Health Director shall provide written notice of the hearing to the petitioner(s) at least five (5) business days prior to the hearing date.
- 13.4 Proceedings. At such hearing the petitioner(s), their agent, or attorney shall be given an opportunity to be heard and to show cause why the notice of embargo, suspension, or revocation issued by the Environmental Health Director should be modified or withdrawn. The Environmental Health Director shall present a detailed written statement of their findings and recommendation(s) to the Appeals Board at the time of the hearing.
- 13.5 Decisions of the Appeals Board. The Appeals Board, within three (3) business days after such hearing, shall sustain, modify, or withdraw the notice of embargo, suspension, or revocation, depending upon its findings. A copy of the decision of the Appeals Board shall be served by mail to the petitioner(s). Any person aggrieved by the decision of the Appeals Board may seek relief therefrom, as provided by laws of the State of Minnesota.
- 13.6 Record of Proceedings. The proceedings of each hearing held before the Appeals Board pursuant to petition, including the findings and the recommendation(s) of the Environmental Health Director, shall be recorded and reduced to writing and entered as a public record in the office of the Environmental Health Director. Such record shall include a copy of every notice, order, or writing issued in connection with the matter.
- 13.7 Notices Not Appealed. Any notice served pursuant to the provisions of this Ordinance shall automatically become final if a written petition for a hearing is not filed with the Regulatory Authority within ten (10) business days after the notice is received by the licensee.

Section 14: Severability

The provisions of this Ordinance shall be severable. Should any section, paragraph, sentence, clause, phrase, or portion of this Ordinance be declared invalid for any reason, the remainder of said Ordinance shall not be affected thereby.

Section 15: Penalties

The Regulatory Authority may enforce the provisions of this Ordinance whether through criminal prosecution, civil remedy, or both. Utilization of a civil remedy shall not prevent a criminal prosecution for the same violation. A criminal prosecution shall not bar a civil remedy. Any person who violates any of the provisions hereof or who fails to comply with any of these provisions, or who makes any false statement in any document required to be submitted under these provisions, shall be guilty of a misdemeanor and, upon conviction, shall be punished by a fine not to exceed one thousand dollars (\$1,000) or by imprisonment not to exceed ninety (90) days, or both. Each day that a violation continues shall constitute a separate offense. Civil penalties may include, but are not limited to, the provisions

contained in Sections 9 and 12 of this Ordinance. Such persons may also be enjoined from continuing such violations.

Section 16: Variances

- 16.1 A variance from this Ordinance may be granted if it is deemed that the strict enforcement of any provision of the standards of the Ordinance would cause unnecessary hardship or that strict conformity with the standards would be unreasonable and impractical, or not feasible under the circumstances. The Regulatory Authority may permit a variance upon such conditions as it may prescribe for management consistent with the general purposes and intent of this Ordinance and of all other applicable state and local regulations and laws.
- 16.2 Variances shall be granted in accordance with the procedures described in the Brown-Nicollet Program Policies Variance Section and Minnesota Rules, Parts 4626.1690 to 4626.1715.

Section 17: Effective Date

This Ordinance, adopted February 5, 2019, hereby repeals and replaces in its entirety the Brown County Ordinance Providing for the Regulation of Food and Beverage Establishments of December 23, 2014. The adoption of this Ordinance, however, shall not effect nor prevent any pending or future prosecution of, or action to abate, any existing violation of the previous said Brown County Ordinance Providing for the Regulation of Food and Beverage Establishments, if the violation is also a violation of this Ordinance.
