

**APPLICATION FOR
NON HERBICIDE SPRAYING**

State of Minnesota County of Brown

Every year the Brown County Highway Department applies herbicide to the right-of-way of county roads.

If any property owner does not want the right-of-way on their property to be treated, they must complete form below and remit to the Highway Department. Applicant should mark area that is not to be sprayed. The County will record on their files for the current year, the areas not to be treated. **The property owner agrees to maintain noxious weed control for the entire season, including around power poles and sign posts. If noxious weeds occur on this untreated area, the County will arrange to have herbicide applied to the weeds and the property owners will be billed for the cost of this treatment.**

The property owner must agree to this policy prior to marking areas not to be treated. If you **do not** want the ROW on your property treated, **please complete and return form below** to signify your agreement to these terms.

.....

I agree to the above terms and request that the Right-of-Way on my property described as follows not be sprayed: List township & section, road number, and side of highway.
