Opioid Settlement Grant Now Open

The second round of the Brown County Opioid Settlement grant is now open. Organizations who serve Brown County residents are eligible to apply to receive funding for programming or services that will combat the opioid crisis. Many different strategies will be considered, including, but not limited to, supporting people in treatment or recovery, education, training, preventing misuse, harm reduction, and research. In December of 2023, the Brown County Opioid Advisory Council awarded \$70,000 to local organizations who will work on prevention, treatment, and recovery.

This opportunity is a rolling quarterly grant that provides funding for 12 months. The deadline for applications for this round is due February 15th, 2024. Information on the grant and application instructions can be found on the Brown County website at <https://www.co.brown.mn.us/opioid-advisory-council> . Questions about the grant and application process can be referred to Brown County Public Health by calling 507-233-6820.
