1117 CENTER STREET  
PO BOX 543  
NEW ULM MN 56073-0543  
Phone (507) 233-6820 • Fax (507) 233-6819

For Immediate Publication: June 17, 2021  
Press Release

Contact: Karen M. Moritz, Director  
507-233-6820

Brown County Public Health is excited to offer all 3 COVID-19 Vaccines to those who are interested in becoming vaccinated on Thursdays at our office. Being able to offer all 3 vaccine variations allows our residents to be in charge of their health and choose the vaccine that they prefer. Other options for vaccination may be available by calling our office.

Community vaccination events are coming to Brown County! Look for Public Health at Springfield's Riverside Days on Saturday, June 26<sup>th</sup>. More events will be scheduled in July.

As the vaccine rates climb in our county, Public Health continues to urge parents to vaccinate their children who are 12 years and older. While many of the adults over age 50 in Brown County are protected, the younger population group is still at risk for COVID-19. By vaccinating more adults under age 50 and adolescents age 12 and older we can protect the youngest population that are not able to be vaccinated at this time. The Pfizer vaccine, which is approved for people 12 years and older, is available at Brown County Public Health.
